ISRAEL'S 60TH ANNIVERSARY OF INDEPENDENCE SPECIAL COMMEMORATIVE COIN ISSUE PRE-ISSUE ORDERING

Late March 2008, the Israel Government Coins and Medals Corporation announced the issue of special "Israel's 60th Anniversary of Independence" commemorative coins issue. The coins, in both silver BU and Proof, will be released towards Independence Day, late April or early May 2008, and will have a maximum mintage of 1,800 for each of the silver BU and Proof coins.

In order to avoid a post-release rush on these low-mintage silver commemorative coins, we are now accepting pre-issue orders from our customers. As soon as the coins are released by the IGCMC, all orders by our customers who pre-ordered the coins, will be shipped at once. This will secure that you obtain the coin before a possible sellout, and

that you receive it ahead of most other collectors.

The coins, in either BU or Proof versions, or both, can be ordered from webpage <http://isracoins.com/P17.htm>. All coins are packed in their original IGCMC-issued custom case, and are shipped free of international shipping charges.

This special coins issue from Israel, commemorating the Nation's 60th Birthday is something to celebrate, for collectors, and also as a special numismatic gift from the Holy Land.
